Brian D. Hill's 2255 Motion that he had facts and proof favorable towards his Actual Innocence even if it isn't HARD EVIDENCE, he had evidence that he was tortured by medical neglect by only being given a limited amount of insulin and always given to him a few hours after each meal in Jail. They wait till each meal he eats causes his blood sugars to run high before they finally give him insulin which takes even more hours to break down the carbs and glucose in the body. That is VERY DANGEROUS for a type one brittle diabetic and can kill him and slowly damage his organs such as nerves, kidneys, eyesight, Brian can die, D I E, DIE. The Judge knew all of this but refused to do anything to remedy it. The guilty plea was false and was manufactured by TORTURE. The evidence is there for any lawyer or average journalist or activist or Information Warrior who wishes to investigate the claims made in this video.
